The building will be of brick with a red gabled front, three stories high with a large basement. It will contain 18 apartments of three rooms each, with private bath and kitchenette. The owners are Edgerton, Allen and Knights, the architect is Alfred R. Fritch. When completed, the building will cost \$23,500.

Cassidy & Davidson have under construction a six room red pressed brick bungalow at 2008 Montana street. The bungalow will be of the California type, with all the built-in features, and hardwood finishing. The plans were drawn by Albert Woolley. The bungalow will cost \$4000.

Doubly Proven

El Paso Readers Can No Longer Doubt the Evidence.

This El Paso citizen testified long ago. Told of quick relief—of lasting benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms a convincing proof of merit. Charles M. Wilson, 1312 Texas St., El Paso, Texas, says: "I have used Doan's Kidney Pills off and on for many years and have been given ample proof of their merit. In February, 1907, I publicly recommended Doan's Kidney Pills and at the present time I take pleasure in confirming all I then said. I began to suffer from kidney trouble over twenty years ago and during changeable weather or when I took cold, my condition was always worse. I had an acute pain in my right side and any sudden movement caused sharp twinges to dart through my body. When I was confined to my bed for a week at a time, I finally began using Doan's Kidney Pills, procured at Kelly & Polard's Drug Store, and they brought me prompt relief. As this remedy has always benefited me when I have used it since then, I naturally hold a high opinion of it."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

An Old English Law.

There is a law on the statute books of England designed for the protection of the persecuted male sex which no man has ever had the courage to invoke. It was passed during the reign of Queen Elizabeth when parliament solemnly enacted that "any woman who, from that date, would deceive or cajole into matrimony any of the subjects of her majesty by the use of false hair or any other thing false in connection with her body or by the use of paints or cosmetics would be punishable as for fraud and deceit, with intent to cause harm."

Some Newspapers Obtain Money Under False Pretences

The newspaper that takes money from advertisers without proving its circulation is 99 times out of 100 obtaining money on false pretences.
